

270 WINCHESTER

RIFLE: Winchester 70
BARREL: 24", 1 in 10" Twist
CASE: Hornady/Frontier
PRIMER: Winchester WLR

BULLET DIAMETER: 0.277"
MAXIMUM C.O.L.: 3.340"
MAX. CASE LENGTH: 2.540"
CASE TRIM LENGTH: 2.530"

This popular necked down 30-06 cartridge was introduced in 1925 by Winchester for their Model 54 bolt action. Its renown as a flat shooting big game stopper has kept the 270 Winchester alive and well for more than 75 years. Much of the popularity of the 270 can be credited to the late Jack O'Connor, who wrote more articles on the 270 caliber than any other person. The 270 has long held a position as one of the most popular big game cartridges in North America. In recent years, the 7mm's have gained a large following, but they have not slowed the sales of the venerable 270.

The flat shooting, high velocity 130 grain GMX® and 150 grain Interbond® along with our 140 grain Boat Tail Spire Point make this cartridge effective on all North American game and many of the thin skinned animals of Africa. Our field proven Inner Groove design coupled with the famous Hornady InterLock feature bonds cores for optimum controlled expansion and reliable one shot kills.

The 270 Winchester can double as a varmint round. Hornady makes a 100 grain Spire Point and a 110 grain V-MAX™ for long range varminting.

The powder that showed the best uniformity and yielded the best accuracy was IMR 4831. The 270 Winchester is an efficient cartridge, and for this reason most powders listed performed quite well. *
