GUARANTEED. FOREVER.®

We carry quality products, and we've stood by the industry's strongest guarantee for over 80 years. If you buy a product from us and decide you don't need it, don't want it, or just didn't like it, we'll take it back any time...with only very few exceptions. See website.

HOW TO RETURN SOMETHING

Our return process is simple, please use one of the following options. Use our interactive return process. Follow the instructions to complete the return and create a USPS return label. Have your order number and email address ready. If you placed your order on our website, you may also log into your account and click on Order History. There you will click on the Return Items button beside the order placed online. Once received back at Brownells, allow time for processing. Any items returned within 45 days of delivery are entitled to a refund to the original method of payment or identical exchange. If original method of payment is cash, a check or credit card that has expired, a Brownells gift card will be issued. Any items returned after 45 days of delivery will be issued store credit in the form of a Brownells Gift Card.

PREPARE AND SHIP YOUR PACKAGE

Pack your return securely, in the original package if possible, and include a copy of your original invoice. Affix your shipping label to the package, making sure no other tracking labels are showing. If using a Brownells provided return label, when your package is ready give it to your mail carrier or drop it off at your nearest post office, or schedule a free at-home pick-up.

TECHNICAL SUPPORT

Full-time, Technical Support Staff can answer your "will it fit?" or "how do I...?" questions. Give them a call Monday - Friday between 8:00 am and 4:30 pm central time, at **800-741-0015** or contact at **tech@brownells.com**.

ORDERING VIA OUR WEB SITE

Go online at **brownells.com** and you'll find our entire catalog. It's fully indexed and searchable by stock number, manufacturer name, general product category, and key words. The site is constantly growing, and updated daily, including price changes. It contains more information than we have room for in the catalog itself. You'll find many new products there, before they appear in our printed catalogs.

SECURITY

Your **Credit Card** and **Personal Information** are completely safe, and private, with us. We use the latest, highest-level security encryption technology to protect your name, address, e-mail address, credit card information, and telephone number. **We do not sell, rent, or give out our customers' names or personal information to anyone at any time.**
